LIFEFORM®

BUILT FOR PRECISION. DESIGNED FOR CARE.

LIFE-LINE™ MEDICAL SEATING SERIES

Purpose Built Support for Professionals Who Never Sit Still

In the medical, wellness, and aesthetics world, your chair isn't just a seat, it's part of your workflow. The LIFE-Line Series was designed with that in mind.

This collection of stools and task chairs supports the unique demands of care providers, practitioners, and clinicians who need flexibility, stability, and all-day ergonomic support without ever getting in the way. Every model in the LIFE-Line family is handcrafted with the same care and attention to detail as our executive seating because no matter where you work, how you sit matters.

COMPACT FORM, FULL ERGONOMIC FUNCTION

The LIFE-Line Waterfall Chair offers focused ergonomic support in a compact, clinic-ready design.

Its sculpted flat seat with a waterfall edge encourages healthy posture, while the adjustable backrest and task mechanism provide full control in smaller workspaces.

Ideal for practitioners and technicians who need comfort that keeps up.

KEY FEATURES

LIFE-LINE™ MEDICAL WATERFALL CHAIR

(MODEL LM160)

LIFE-Line™ Medical Round Stool & Round Chair

(MODELS LM100 & LM105)

WHERE COMFORT MEETS CLINICAL PRECISION

In high-focus, hygiene-sensitive spaces, seating should support your workflow, not interrupt it.

The LIFE-Line Round Stool and Round Chair are built for medical, wellness, and aesthetics professionals, offering ergonomic support, smooth mobility, and compact performance in clinical settings.

Durable, easy to clean, and crafted with LIFEFORM's signature attention to detail, comfort and function, seamlessly combined.

(MODEL LM105)

LIFE-Line™ Medical Saddle Chair & Saddle Stool

(MODELS LM200 & LM205)

SUPPORT THAT MOVES WITH YOU, DESIGNED FOR PRECISION

In clinical, dental, and aesthetics settings, how you sit shapes how you work.

The LIFE-Line Saddle Stool and Saddle Chair promote active alignment and reduce fatigue with a contoured seat that encourages neutral posture and core engagement. Compact, mobile, and hygienic, with back support and foot-controlled adjustment where you need it most.

Crafted for clinical demands. Built with LIFEFORM care.

(MODEL LM205)

KEY FEATURES

LIFE-LINE™ SADDLE STOOL

(MODEL LM200)

- ***Cleanable Upholstery***
  Meets Healthcare Without Harm's Healthy Interiors Criteria V2.4
