

MECHANISM Data Sheet

RELAX THE BACK STORES

	<p>KTHDSS</p> <p>Knee Tilt (Clamshell) with Seat Slider Multi-Function (350 Lbs Limit)</p>	<p>Purpose: Provides deep rocking sensation but allows feet to remain on the floor. Pivot point location just behind the knee.</p> <p>Attributes: Forward Tilt Lock Out, Infinite Position Tilt Lock, Tilt Tension, Gas Lift, Infinite Position Back Angle Adjustment, 3" Seat Slider Adjustment</p> <p>Standard on these Chairs: Ultimate Executive 2390 High Back & 2490 Mid Back, Traditional 3500, Available as an upgrade on Legacy 900</p>
	<p>KTSS+</p> <p>Ultra-Heavy Duty Knee Tilt (Clamshell) with Seat Slider Multi-Function (400 Lbs Limit)</p>	<p>Purpose: Heavy Duty for intensive use or heavier weight individuals. Provides deep rocking sensation but allows feet to remain on the floor. Pivot point location just behind the knee.</p> <p>Attributes: Infinite Position Tilt Lock, Tilt Tension, Gas Lift, Infinite Position Back Angle Adjustment, 3" Seat Slider Adjustment. (NO Forward Tilt)</p> <p>Standard on these Chairs: Available as an upgrade on Executive Chairs</p>
	<p>MFSS-HD</p> <p>Center Tilt (T-Mech) with Seat Slider Multi-Function (350 Lbs Limit)</p>	<p>Purpose: Heavier Duty Mechanism for Executive Chair models. Features even rocking motion forward to back. Pivot point location is centered.</p> <p>Attributes: Forward Tilt Lock Out, Infinite Position Tilt Lock, Tilt Tension, Gas Lift, Infinite Position Back Angle Adjustment, 3" Seat Slider Adjustment</p> <p>Standard on these Chairs: Available as an upgrade on Executive Chairs</p>
	<p>EuroGlide</p> <p>Synchro Tilt with Seat Slider Multi-Function (350 Lbs Limit)</p>	<p>Purpose: Features a unique synchronized ride that cradles the user as they recline in the chair. The back rest moves in tandem with the seat at a 2:1 ratio. This eliminates excess pressure under your legs just behind the occupant's knees which is usually experienced on most other synchro-tilt mechanisms.</p> <p>Attributes: 5 Position Position Tilt Lock, Anti-kick Back Feature, Tilt Tension, Gas Lift, Infinite Position Back Angle Adjustment, 3" Seat Slider Adjustment. (NO Forward Tilt)</p> <p>Standard on these Chairs: Legacy Executive 900, Available as an upgrade on Executive Chairs</p>
	<p>MFSS</p> <p>Center Tilt (T-Mech) with Seat Slider Multi-Function (250 Lbs Limit)</p>	<p>Purpose: Features even rocking motion forward to back. Pivot point location is centered.</p> <p>Attributes: Forward Tilt Lock Out, Infinite Position Tilt Lock, Tilt Tension, Gas Lift, Infinite Position Back Angle Adjustment, 3" Seat Slider Adjustment</p> <p>Standard on these Chairs: Brezza 180 in Brisa/Leather, Contour Task Chair 8594 in Brisa/Leather, Lifestyles Mid Back 8694 in Brisa/Leather, Lifestyles High Back 8794 in Brisa/Leather</p>
	<p>MFR</p> <p>Center Tilt (T-Mech) (NO Seat Slider) Multi-Function (250 Lbs Limit)</p>	<p>Purpose: Features even rocking motion forward to back. Pivot point location is centered.</p> <p>Attributes: Forward Tilt Lock Out, Infinite Position Tilt Lock, Tilt Tension, Gas Lift, Infinite Position Back Angle Adjustment</p> <p>Standard on these Chairs: Brezza 180 in Fabric, Contour Task Chair 8594 in Fabric, Lifestyles Mid Back 8694 in Fabric, Lifestyles High Back 8794 in Fabric, Balance 5694 in Fabric</p>
	<p>SynchroGlide</p> <p>Synchro Tilt with Seat Slider Multi-Function (250 Lbs Limit)</p>	<p>Purpose: Features a unique synchronized ride that cradles the user as they recline in the chair. The back rest moves in tandem with the seat at a 2:1 ratio. This eliminates excess pressure under your legs just behind the occupant's knees which is usually experienced on most other synchro-tilt mechanisms.</p> <p>Attributes: 5 Position Tilt Lock, Anti-kick Back Feature, Tilt Tension, Gas Lift, Infinite Position Back Angle Adjustment, 3" Seat Slider Adjustment. (NO Forward Tilt)</p> <p>Standard on these Chairs: Balance 5694 in Brisa/Leather, Available as an upgrade on all other Management Chairs</p>
