

MECHANISM Data Sheet - Standard

	<p>KTSS+ FTS</p> <p>Heavy Duty Knee Tilt (Clamshell) with Seat Slider Multi-Function (350 Lbs Limit)</p>	<p>Purpose: Provides deep rocking sensation but allows feet to remain on the floor. Pivot point location just behind the knee.</p> <p>Attributes: Forward Tilt Lock Out, Infinite Position Tilt Lock, Tilt Tension, Gas Lift, Infinite Position Back Angle Adjustment, 3" Seat Slider Adjustment</p> <p>Standard on these Chairs: Ultimate Executive™ 2390 High Back & 2490 Mid Back</p>
	<p>Sychro Knee Tilt</p> <p>Synchro Knee Tilt (NO Seat Slider)</p> <p>(250 Lbs Limit)</p>	<p>Purpose: Features a unique synchronized ride that cradles the user as they recline in the chair. The back rest moves in tandem with the seat at a 2:1 ratio. This eliminates excess pressure under your legs just behind the occupant's knees which is usually experienced on most other synchro-tilt mechanisms.</p> <p>Attributes: 5 Position Position Tilt Lock, Anti-kick Back Feature, Tilt Tension, Gas Lift, (NO Forward Tilt)</p> <p>Standard on these Chairs: Essential Series Ultimate Executive™ Chairs</p>
	<p>MFSS</p> <p>Center Tilt (T-Mech) with Seat Slider Multi-Function (250 Lbs Limit)</p>	<p>Purpose: Features even rocking motion forward to back. Pivot point location is centered.</p> <p>Attributes: Forward Tilt Lock Out, Infinite Position Tilt Lock, Tilt Tension, Gas Lift, Infinite Position Back Angle Adjustment, 3" Seat Slider Adjustment</p> <p>Standard on these Chairs: Brezza 180 in Brisa®/Leather, Lifestyles Mid Back 8694 in Brisa®/Leather</p>
	<p>MFR</p> <p>Center Tilt (T-Mech) (NO Seat Slider) Multi-Function (250 Lbs Limit)</p>	<p>Purpose: Features even rocking motion forward to back. Pivot point location is centered.</p> <p>Attributes: Forward Tilt Lock Out, Infinite Position Tilt Lock, Tilt Tension, Gas Lift, Infinite Position Back Angle Adjustment</p> <p>Standard on these Chairs: Brezza 180 in Fabric/DreamWeave™, Lifestyles Mid Back 8694 in Fabric/DreamWeave™</p>
	<p>Stool Mechanism</p> <p>Tilter</p> <p>(250 Lbs Limit)</p>	<p>Purpose: Features basic functional requirements of height adjustment and swivel. Adjustment to the tension control and tilt lock settings are performed easily.</p> <p>Attributes: Tilt Lock, Tilt Tension, Gas Lift</p> <p>Standard on these Chairs: Saddle Stool 200</p>
